Rationale for Proposed Boundary Changes: Garrison's attendance zone expands north to take in part of the former Meyer zone; it expands south to absorb part of Seaton's zone north of New Jersey Avenue as Seaton takes in much of the former Montgomery and JF Cook zones. Garrison is currently under-capacity and can absorb additional students.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Garrison ES is zoned for and has a right to attend the New Center City MS (a proposed new stand alone MS) and Cardozo HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to the New Center City MS. Until there is a timeline for opening the new MS, families will maintain their current rights to MS based on home address. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
